

Ontario Secondary School Certificate And Life Skills Program

Is your child in a specialized or modified elementary school program?
Are you looking for a high school that can prepare them for college?
At **TDChristian High School**, we will provide your child with the support
needed to succeed in high school.

Program Focus

Our program is for students who desire the full high school experience but require a modified curriculum. It is for students who have been unable to keep up with the academics in their elementary school and require more one-to-one attention.

Program Goal

Our goal is to bridge the gap between where your child is currently and where they need to be to earn the Ontario Secondary School Certificate (OSSC) and qualify for a college program in Ontario.

How will my child benefit from this program?

Your child will:

- receive support tailored to their needs,
- develop life skills that increase their confidence and independence,
- be encouraged to achieve their maximum academic potential,
- learn in an enfolding Christian environment,
- participate in the wider school community,
- graduate with their peers,
- earn the 14 high school credits required for the OSSC.

Janice de Boer, *Special Education Resource Teacher*

Janice will oversee TDChristian's OSSC and Life Skills program. For nearly 20 years, she has worked with students at elementary school and high school. Janice understands that with the right support students can discover and develop their passions, skills, and interests — and achieve their maximum academic potential.

Janice will provide daily support by:

- working with students in the classroom,
- providing one-to-one support,
- teaching small group classes,
- delivering individualized reading, writing, and math programs.

Janice helps students discover the world through education, explore their learning abilities, develop their interests and skills, and pursue their goals. She works diligently so that students become confident young adults with effective life skills.

Students will graduate prepared to take on new challenges — including further studies.

Let's talk about the opportunities for your child

At TDChristian High School, *You Belong Here* is more than a tag line. Belonging is a core value for our caring, innovative, and Christian community of learners.

Janice would love to learn about your child's needs and discuss how TDChristian High School can support their learning journey and skill development. Contact Janice at deboer@tdchristian.ca.
